Activities that Both Occupations Have in Common

Similarity of Focus Occupation to Associated Occupation: 92

Focus Occupation: Oral and Maxillofacial Surgeons (29-1022)**Associated Occupation: Dental Hygienists (29-2021)**

Work Activities	Exclusivity of Activity
Administer anesthetics	77
Administer injections	60
Administer medications or treatments	46
Analyze dental data	89
Collect dental laboratory diagnostic data	89
Communicate technical information	4
Follow clinical radiation safety procedures	77
Follow dental or medical office procedures	68
Follow dental or medical x-ray procedures	81
Follow infectious materials procedures	52
Identify body response variations	57
Make presentations on health or medical issues	50
Observe patient condition	48
Understand technical operating, service or repair manuals	6
Use dental treatment procedures	87
Use interpersonal communication techniques	10
Use knowledge of dental terminology	87

Use knowledge of medical terminology	40
Use sanitation practices in health care settings	48

Not all positions in these occupations will necessarily perform all of the listed activities. The exclusivity rating is an indication of how unique the activity is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations engage in that activity.

Tools and Technologies that Both Occupations Have in Common

Similarity of Focus
Occupation to Associated
Occupation: 80

Focus Occupation: Oral and Maxillofacial Surgeons (29-1022)
Associated Occupation: Dental Hygienists (29-2021)

Tools and Technologies	Exclusivity
Autoclave and sterilizer equipment and accessories	12
Blood pressure units and related products	11
Computers	1
Content authoring and editing software	1
Dental and subspecialty instruments and devices	37
Dental fillers and finishing and polishing supplies	47
Dental imaging equipment and supplies	47
Dental lasers and illumination and fiber optic equipment and supplies	62
General dental supplies	70
Industry specific software	1
Oxygen therapy delivery systems and devices	13
Presterilization cleaning equipment and solutions	24

Not all positions in these occupations will necessarily use all of the listed tools and technologies. The exclusivity rating is an indication of how unique the tool or technology is amongst all occupations. The maximum rating is 100. High scores indicate that only a small number of occupations use that tool or technology.
